following review helpful. How Can It Not Change the Way One Does Business? By Michele Faial didn't know what to expect of this book. It is very readable, well written and I'm getting a lot out of it. How can it not change the way one does business, if you have any awareness at all. I like what it is making me think about and I like that I'm already gladly putting into practice some of its principles and I have not yet completed the book. I'm sure I'll be reading it again. I highly recommend it.

With a unique combination of ancient and contemporary wisdom from the Tibetan Buddhist tradition, *The Diamond Cutter* presents readers with empowering strategies for success in their work and personal lives. Geshe Michael Roach, one of the great teachers today of Tibetan Buddhism, has richly woven *The Diamond Cutter* in three layers. The first is a translation of selections from the Diamond Sutra itself, an ancient text comprised of conversations between the Buddha and his close disciple Subhuti. Considered a central work by Buddhists throughout the world, the Diamond Sutra has been the focus of much interpretation over the centuries. In the second layer, Geshe Michael quotes from some of the best commentaries of the Tibetan tradition. In the main text, the third layer, he uses both sutra and commentary as a jumping-off point for presenting his own teaching. Geshe Michael gives fresh insight into ancient wisdom by using examples from his own experience as one of the founders of the Andin International Diamond Corporation, which was started with capital of fifty thousand dollars and which today has annual sales in excess of one hundred million dollars. Much of the success of Andin has come from applying the business strategies presented in *The Diamond Cutter*. Geshe Michael's easy style and spiritual understanding make this work of timeless wisdom an invaluable source for those already familiar with, and those unfamiliar with, Tibetan Buddhism.
