The kids at the library sat through it well (they are such angels). My own kids were honest though- it wasn't their favorite. It may seem a bit cheesy for an 8 or 10-year-old. It's still a worthwhile read. The Max Lacado books seem to be more repeatable life lesson books, for the older kids to enjoy over and over again. 0 of 0 people found the following review helpful. Such an important lesson and focus! Adults need to read The Energy Bus (for adults)! By Nicole G The Energy Bus for adults is an AMAZING read! This is a cute book for kids! It is definitely for older elementary, but a great story and lesson! (I'm also a school administrator) 1 of 1 people found the following review helpful. Fantastic!
