before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Entrepreneurs Book of Actions: Essential Daily Exercises and Habits for Becoming Wealthier, Smarter, and More Successful: Essential Daily Exercises ... Wealthier, Smarter, and More Successful:*

1 of 1 people found the following review helpful. Love this book - I am actually doing it by ...By asap1082Love this book - I am actually doing it by week, and following the book - really makes you think, and I feel like I have made some great conclusions already about myself and how I approach business.4 of 4 people found the following review helpful. Very practical, step by step guide. Apply it with diligence and I believe it will work!By M. L StricklandThe ideas in this book are available elsewhere. This differences are that this books has more ideas for how to become successful than most "success" books do, plus it breaks these ideas down into small daily steps. It outlines a 53 week program in which you work on one small step each day and also keep a journal of your progress.Most books of this genre seem to be intended to read through fairly quickly and to get you charged up to go out and "be a success". This book, on the other hand, is desgned to be worked through over a period of a year plus one week. An exercise or assignment is presented for each day of the week and the reader is encouraged to buy a journal to record progress. If you are diligent enough to keep this up for a year, it seems to be that this is an approach that will work! It will cause us to thoroughly assimilate the ideas one small bite at a time.I won't go through what is covered because a Kindle sample of the book is available on the web site. The comprehensive table of contents shows you this information.My recommendation for using this book would be to read through it first to get an understand of what it covers. Then, get a journal/notebook and commit to going through the daily exercises. I think the best time to do the exercises is in the morning while you are planning your day. This will get you off to a good start. It's going to be very inportant to keep at it for thenfull year. I believe the author when he says that incorporating these actions into habits will make you successful!I am retired and had a very successful business career, so I recognize what will work. This approach will work! I have recently started a small art business as a working artist and I plan to begin this program immediately. I believe it will make ampositive difference!3 of 3 people found the following review helpful. Power In Action!By Denise BoldeI am a small business owner for the past two years. There are many busines coaches out here who are charging thousands of dollars for coaching in growing businesses. Tons of experts write books using jargon that is hard to understand and not relative. I got this book with some reservation that this would be another one of those books that only benefit the author in sales.This book is not like the others.Brett Power starts the book with a simple preface that tells the reader, the smal business owner this is going to take work and committment: A weekly and daily set of excercises that promote thinking. The chapters are 52 of them broken down to weeks. The weeks are then broken down into daily messages and introspection. No ego here but the reader's. No sales pitch to buy more to be better. This book is simple andrightto the point to empower and engage the entrepreneur. Well done. Now its time to get the work done.

The action plan for building your entrepreneurial empire;one day at a time While every entrepreneur knows that the key to success is business growth, few ever see it happen. Why? Because they know how to plant seeds, but they don't understand that the real work lies in helping that seed grow;which takes knowledge, persistence, and patience. The *Entrepreneurs Book of Actions* helps you develop the mindset of a true entrepreneur and provides manageable steps for making your business vision a reality. Informative, inspiring, and based on real-life, hard-earned lessons, it provides common-sense, daily exercises you can jump into on day one. Learn how to drive sustainable business growth by: * Breaking bad habits;and developing good ones* Managing your time and money more effectively* Hiring the right people for the right job* Minimizing the effort required to perform basic tasks* Motivating your staff to be mission-focused* Creating "freed" time to feed your innovative side You'll begin to see your business in a completely new way;with a sense of clarity and purpose. You'll begin identifying the issues that really affect your business;not the ones that feed your anxiety. You'll become the kind of leader other entrepreneurs look up to;calm, optimistic, driven. The *Entrepreneurs Book of Actions* will provide the direction you need to make the best use of your time, your energy, and your creativity. It's not a quick-fix. It's work. But it's manageable, it's proven effective;and it will pay off big.

From the Back Cover"Rhett Power knows that real change happens through action. His inspiring book is packed with practical techniques that will make you the leader and entrepreneur you've always wanted to be." -- Marshall Goldsmith, executive coach, business educator and New York Times bestselling author, ranked the number one leadership thinker in the world by *Thinkers*"This book will make your wallet and business as strong as the world's strongest person!" Jeffrey Hayzlett, primetime TV and podcast host, chairman C-Suite Network"As a performance coach who works with athletes, coaches, and corporate executives on and off the field, I know the importance of practice when the stakes are high first hand. I found Power's exercises inspiring and essential for any emerging businessperson." Dr. Stan Beecham, author, *Elite Minds*Follow

Rhett's advice every day. After a week, you'll be uncommon. After a month, you'll be special. After a year, you'll be remarkable...and you'll find that you've done more than you ever imagined possible." Jeff Haden, bestselling writer and contributing editor of Inc. Magazine. "Starting a new business can be exciting and challenging...and also lonely and scary. The Entrepreneur's Book of Actions is like a wise companion for the journey; someone to encourage you to focus on what's truly important, overcome your fears, and take the steps to keep moving toward your vision." Erika Andersen, business thinker, keynote speaker, and author of Be Bad First? Get Good at Things Fast to Stay Ready for the Future. "If entrepreneurs are anything they are busy. And as much as they may want to set aside time for self-improvement, the major investment in time required always seems to get in the way. In his book The Entrepreneur's Book of Actions, Rhett Power short-circuits this common problem...providing readers with a compact, easy-to-apply daily prescription for transforming themselves, and their businesses. Buy a copy of this book, and today really will be the first day of the rest of your life." Peter Economy, The Leadership Guy, Inc. "Who can't benefit from a personal coach? Rhett Power's The Entrepreneur's Book of Actions can function as your coach, inspiration, and road map for success! This book is a must-read for anyone on their entrepreneurial journey. It's a day to day guide that will get you started and keep you going!" Stephen Key, bestselling author of One Simple Idea. About the Author Rhett Power is co-founder of Wild Creations, an award-winning start-up toy company named one of Inc. Magazine's Fastest Growing US Companies. A member of the United States Department of State's International Speakers Program, he travels the globe speaking about entrepreneurship, leadership, and management alongside the likes of Gates Foundation CEO Sue Desmond-Hellmann, AOL Founder Steve Case, and President Barack Obama. He has written for the Huffington Post, Business Insider, Time, and The Wall Street Journal. Power lives in Washington, DC.
