Kathy Quan : The Everything New Nurse Book, 2nd Edition: Gain confidence, manage your schedule, and be ready for anything! (Everythingreg;) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Everything New Nurse Book, 2nd Edition: Gain confidence, manage your schedule, and be ready for anything! (Everythingreg;):

2 of 2 people found the following review helpful. Not what I was looking for. By NsgJenBook might suffice a student nurse. As to say, maybe as a student I would have given a higher rating due to the acquisition of new info. This is a very basic- common sense already learned, seen and experienced regurgitation of NURSING. Definitely an easy read but did not meet my needs. 2 of 2 people found the following review helpful. very informative By SimiGreat book but

seems to be written for Those thinking of nursing or in nursing school, not those of us who just graduated and are actually out there0 of 0 people found the following review helpful. Four StarsBy Gregory SmartPretty detailed!

As a new nurse you're entering one of the most challenging and rewarding fields. You will quickly learn how to navigate a complex medical landscape, care for sick and vulnerable patients, and manage stressful situations with skill and ease. This book will be your reassuring guide through all this and more. Veteran nurse Kathy Quan teaches you how to: Balance a hectic schedule, handle stress, and avoid burnout Deal with doctors and other medical professionals Continue education while working Use software, smartphones, and apps to help treat patients Packed with tips and strategies from nurses who have seen and done it all, this revised and updated guide gives you all the tools you need to get through those first critical months on the job--and beyond.

About the Author Kathy Quan, RN, BSN, PHN (Thousand Oaks, CA) has been a nurse for thirty years. Kathy currently works in home health and hospice nursing, while also mentoring new nurses. She is the former the nursing guide for About.com, and now blogs about nursing on her popular website, TheNursingSite.com.
