A. Zaremba, Iver B. Neumann : The Financialization of Commodity Markets: Investing During Times of Transition before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Financialization of Commodity Markets: Investing During Times of Transition:

The landscape of commodity markets has drastically changed in recent years. Once a market of refineries and mines, it

has become the market of investment funds and commodity trading advisors. Given this transformation, are commodity investments still as beneficial as 20 or 30 years ago? This book is an attempt to answer these questions.

About the Author Adam Zaremba is Assistant Professor at the Poznan University of Economics.
