Franklin Allen, Masahiko Aoki, Nobuhiro Kiyotaki : The Global Macro Economy and Finance (International Economic Association Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Global Macro Economy and Finance (International Economic Association Series):

This volume explores the measurement of economic and social progress in our societies, and proposes new frameworks to integrate economic dimensions with other aspects of human well-being. Leading economists analyse the light that the recent crisis has shed on the global economic architecture, and the policies needed to address these systemic risks.
