Frances Beck, Emily Chantiri : The Money Club Revised Updated before purchasing it in order to gage whether or not it would be worth my time, and all praised The Money Club Revised Updated:

Everything you need to know about how to set up a successful investment club of your own, for friendship and for profit. In 1998 members of a book club decided they wanted to find out more about the stockmarket, and to make some

money from it. They knew little about investing but were determined to learn, and the sheba investment network was born. Now, over fifteen years later, its members are so savvy at investing that they have a brilliant 30% to 35% returns rate. And just as important, they are laughing all the way to the market. Meetings take place once a month with a bottle or two of wine and much lively discussion. The Money Club tells you exactly how they did it, and how you can too. With a contribution of \$50 to \$75 a month, this is an investment within most people's reach. And because you're not doing it alone, you can learn more quickly and make better choices. No matter where in Australia you are, Dianne, Di, Frances and Emily cover everything you'll need to know to set up a successful investment club of your own, for friendship and for profit.
