major benefits of this book is that Dr. Odiwe shares the many struggles of his own journey from broke foreign student living out of his automobile to very successful businessman. The primary reason for his success was his resourcefulness and determination - he was not willing to give up on his dream. Dr. Odiwe provides many valuable lessons for success in *The New American Millionaires*. Unfortunately too many native Americans simply do not have the determination to do whatever it takes so long as it is legal and ethical to achieve success. We are too accustomed to having all the good things in life that we are not willing to do without long enough to achieve success as an entrepreneur. As with so many who migrate to the United States, Dr. Odiwe came with a dream and although he thought about giving up many times, he somehow found the will to continue the journey. It was not always easy. But by keeping his dreams alive, he eventually achieved far more than he had dreamed about. If you are just starting out on your entrepreneurial journey, this book will give you lots of practical advice about preserving your money, finding resources - time, money and mentors and sticking with it until you achieve what you want. He also gives some excellent advice about the difference between formal and self-education. For those further along on their journey, I am not sure how helpful this book will be. I believe the book is targeted to those in the early stages of their journey. There is a companion website which offers a lot of additional resources. In the end you will realize that there are no secrets to success. There is simply hard work. Develop a habit of continuous learning, taking action, learn from your mistakes - that is measure the results you are getting and adjust your efforts accordingly. Contrary to the typical American myth, most successful entrepreneurs are not "go it alone" types. They rely heavily on a network of others - either mentors or mastermind groups. Probably more valuable to those just starting out but still an inspiring story.

By Jacqueline Lucien
In this riveting success blueprint, the fabric of Dr. Ken's story is masterfully woven into the insights of other successful foreign-born mega millionaire entrepreneurs. The book provides an engaging, success road map replete with the how and why principles necessary to navigate today's business landscape. Reading this book is a pleasure and at the same time a wakeup call. I find that the American-born, aspiring or full time entrepreneur, can gain tremendous life and business-changing insights by applying the workable action steps of Dr. Ken's model. It is true that the global business arena has shifted in recent times. It is also true that numerous foreign-born individuals have literally taken advantage of America's stance as a land of opportunities and carved out wealth for themselves and their families through hard work and discipline. This is their story. This is what they do differently. Study them. Emulate them. You will come out a winner for it. Dr. Ken has answered the questions, and gave the answers in a way that became internalized for me, never to be forgotten, leaving me with a Millionaire Mindset.

By Wally Hyppolite
The New American Millionaires is a 'must-read' book. In it, we have found the missing link that will enable us to capture in a meaningful way the full understanding and knowledge of becoming a millionaire, even in hard times. After putting many hours researching the subject, Dr. Ken Odiwe took the time to share with us in a simple way his finding. We are very thankful of his selfless act that propels us forward into a new dawn. It is my privilege to recommend Dr. Ken Odiwe's new book, *The New American Millionaires* to every seeker of financial freedom to have many copies and to share with many friends and family members.

The New American Millionaires centers on the stories of a number of high profile immigrant millionaires living and working in the United States. Through their story and his own story - Dr. Ken reveals the specific qualities and attributes of the American millionaire. These qualities and attributes are then broken down into a series of action steps that an entrepreneur can take to put them on a path of similar success. This model and the strategies it entails are supported by Dr. Ken's own success story, along with nearly a decade of research and interviews with New American Millionaires.

"This is a MUST READ if you want to really learn how people built mega-successful businesses with no advantages. Dr. Ken Odiwe has managed to synthesize the mind of the business genius and has done so in a way that can be absorbed by any business leader - aspiring or otherwise - no matter their background. Dr. Odiwe interviews some of the most influential entrepreneurs of this millennium with incredible detail and reveals the secrets that launched each of them into the successful business stratosphere." --Stefanie Hartman

"The New American Millionaires has plenty of answers. It offers more than its share of insights into what it takes to be a successful entrepreneur in this country. But more than that, it boasts something you just don't find in many books of the genre: inspiration. Upon reading Dr. Odiwe's story and learning the New American Millionaire model, I find myself completely inspired. And you will, too." --Rick Frishman
Founder Planned Television Arts, PR Maven, Publisher

"The New American Millionaires sheds light on a verifiable model for what it means - and more importantly, what it takes - to find success in business. The immigrant spirit is what made this country great. Today, that immigrant spirit has returned again to dominate the entrepreneurial landscape. No one has done a better or more thorough job of explaining why. But Dr. Odiwe takes it one step further, as well: he provides the how." --Jill Lublin

three-time Best Selling Author of Guerilla Publicity, Networking Magic, and Get Noticed Get Referrals.www.PublicityCrashCourse.com/freegift"The face of the rich and powerful in America is changing. In this book, The New American Millionaires, Dr. Ken sheds light on not only why the United States is the greatest land of opportunity for those willing to work hard, but also on how a new breed of immigrants are becoming the business leaders and influence-makers of tomorrow. Supported by advice from some of today's top immigrant wunderkinds and his own rags to riches story, he offers entrepreneurs a recipe to chart their own courses to prosperity. Read every word of this book. You'll be glad you did."--Mike Litman #1 best-selling author of Conversations with Millionaires

"Damn! This is one of the books I wish I had put out there. As an immigrant myself, I've always been fascinated by the notion that there's something different about why immigrants seem to succeed more. Ken really opens up some good insight on this for others to follow their path."--Yanik Silver author of Maverick Startup

"As you follow the journey of these New American Millionaires who have all trodden the same path you plan to venture down, you'll draw inspiration and hope, strength and confidence, knowledge and wisdom, from their travails and triumphs. This is much more than a 'business book' or a 'success manual.' It's an inspirational guide, a self-development workbook, and a motivational wake-up call, all rolled into a simple, easy, and enjoyable read. Dr. Ken's treatise places us on the shoulders of the giants of our times. Read his book. Take heart from what you see. And live your dreams."--Dr. Mani Sivasubramanian Heart Surgeon, Infopreneur, and Social Entrepreneur

"Millionaire-maker books are a dime a dozen, but every once in a while, a brilliant author will release a book that actually has the potential to change people's lives. This is one of those books."-- J.J. Childers Author of Real Wealth Without Risk and Asset Protection 101

"Whether you're an aspiring entrepreneur, a struggling small business owner, or a business leader looking to improve your game, you will find valuable solutions in this book. Dr. Ken's story is truly inspiring, and the insights he shares from some of the most successful entrepreneurs working today might just change your life."-- Bernadette Boas Coach, Author, Speaker, Radio Personality, and creator of the movement Shedding the Bitch

"Why can't YOU be rich? Others have come to America penniless, unable to speak English, and with no safety net, yet have become millionaires anyway! You'll love what Dr. Ken has gleaned from some of today's brightest minds who started with nothing on their way to success, but let nothing stop them either! Read this book today."--Martin Wales www.MartinWales.com

"Every once in a very, very long while, I come upon a book that makes me stop and take note... Imagine my pleasant surprise as I started reading The New American Millionaires, by Dr. Ken Odiwe. I discovered that it does not matter whether one defines success in terms of money, peace, or just happiness; Dr. Ken's secrets will help almost anyone to achieve success in life. I could go on and on expounding on the wonders of this marvelous volume, but I do not want to deprive the reader of the thrill of discovery or the joy of remembering the simple secrets of success. Read this book and re-read it as often as possible. It will re-awaken in you the memory of the infinite possibilities that reside within your heart and soul. It will serve as a guide to that which you are seeking."--John Harricharan Award-winning author of the bestseller, When You Can Walk on Water, Take the Boat

"The single greatest challenge for any entrepreneur is to take that first step--to overcome that fear of failure and begin making their dreams a reality. Finally, someone has stepped forward to provide solutions for conquering that common fear. For anyone who yearns to start or owns a mega-successful business, The New American Millionaires is a must-read."--C. Nwachukwu Okeke Ph.D. Author of Law Books and Acclaimed Professor of International and Comparative Law, Golden Gate University of School of Law, San Francisco California

"The mark of any great how-to author is simply this: authenticity. Given that Dr. Ken has lived the immigrant story he so compellingly shares, you will be hard pressed to find a more authentic source. Dr. Odiwe knows that his model for success works because he has lived it himself."--Alicia Lyttle CEO Monetized Marketing, LLC www.alicialyttle.com

"Very rarely does one encounter a book on entrepreneurship that offers this much real and useful information. With his New American Millionaire model, Dr. Ken Odiwe provides an absolute game-changer for anyone who aspires to achieve greatness in a startup or existing business venture."-- John Paul Carinci Author of An All-Consuming Desire To Succeed

"The New American Millionaires challenges those who dream of success to take their outlook to a new level. Those who follow Dr. Ken's model will immediately gain the kind of resourcefulness and innovation it takes to become a true leader in business."--Frank Garon Internet Guru and Real Estate Mastermind
