There's 1251 pages and in small print, definitely too heavy to carry around with you. I decided to keep on desk at work and read during lunch, I'm sure it's going to take a while for me to complete but I don't mind. If you're looking for a quick read this may not be the book for you, however, if you're looking for a book with lots of helpful info and you don't mind indulging in principles that can help you to achieve your goal, this will be a staple reference book that you can refer to over the years.7 of 7 people found the following review helpful. Not just a guide to wealth but a money saver!By christopherI think it should be noted that the Prosperity bible is a collection of popular books that have been on the market for years and that each of the 19 books cost about \$10-\$15.00 each. So really, this book is worth a minimum of \$285. That maximum that its worth depends on your! This is The Prosperity Bible! And you must believe, practice and do the teachings of these writings.This book is a collection of new Thought books which teach that the creation of the universe as you experience it, especially your day to day life, is the mirror image of your dominate thoughts and beliefs. These are a collection of popular authors spanning over 100 years. And if you study the science of new Thought, you will come across many of these authors, so why not buy them all at once and save money too?!is this the magic secret to making riches rain from the sky on you? YES! but consider how strongly you believe that cant happen. Thats the point of the book. Only your beliefs and thoughts put a cap on the amazing things your inner power can do for you. This book teaches nothing new, but what is unknown to most of humanity. The material world manifests not from money, or God, but from the power of your own thinking!0 of 0 people found the following review helpful. Love it!By Tina MajesticLove this book! I am still reading through it. So many wonderful books inside this book. Some I have previously read. Never hurts to re-read and highlight the great info.
