Humor Positive Attitude Go a Long WayBy CMroxFind a job when you're unemployed, or when you are at a job where you're miserable and/or under-paid can be one of the most discouraging experience of your life. Most of us know that from experience. Getting down on ourselves, thinking 'whoa is me,' because of the economy, or the decisions we've made in our past, get us no where! I read this book and was reminded that having the right attitude can make all the difference in the world. But actually living that positive attitude day in and day out is a LOT easier said than done. "The Subversive Job Search" helped me to put the idea of "staying positive" into action. The book gives realistic, concrete, and practical advise on how to navigate today's job market. It helped me to think about the job search in a new way - it's not just as a job hunt; it's mapping out a career strategy. And all the while, the author is really good at keeping things real and making you laugh. I would highly recommend this book to anyone, whether they are currently looking for a job or not. First of all, you never know when you might suddenly be on the market, and you want to be prepared. But also, as I mentioned, the book is also about developing an attitude towards your overall career strategy, and it really helped me to think of ways I can make myself more marketable down the road.

I had been applying through websites like crazy only to get rejection email after rejection email. After reading this book I started to think outside the box and went to my college alumni and signed up for a networking program they have an ultimately that led to the great job I have now. So if you want to stand out to employers you can't be some unknown face that is randomly submitting their information through a website, getting to know them face to face will be much better.

Suggesting this one to many people of all ages who want something new. Clever, smart, good advice, and entertaining to boot. Thanks Alan!

Are you tired of missing out on that raise, bonus, or promotion? Do you want to turn your dead-end job into a high-paying career? Would a six-figure salary solve all your problems? Moneymaking guru Alan Corey faced all these questions himself, then went from collecting unemployment checks to bringing in a six-figure salary in just over a year. This inspirational and entertaining book is jam-packed with easy-to-follow steps that you can use to transform your own career. Alan couples his personal anecdotes with scientific studies that are guaranteed to increase your salary. The Subversive Job Search will help steer you into the \$100,000-plus career you've been waiting for. Are you frustrated because . . . Your coworkers make more than you? . . . Your boss is unreasonable and doesn't appreciate you? . . . Your paychecks aren't making ends meet? . . . Your stagnant career is going nowhere fast? . . . It's easier than you think to get paid like an expert. If Alan Corey can do it, so can you!

About the AuthorAlan Corey is a well-recognized author, entrepreneur, and real estate investor. His debut book, A Million Bucks by 30, chronicled his first journey to riches as a penny-pinching real estate investor, bar owner, and reality-TV regular. His comedic and autobiographical tales of his finances have been heard or seen on more than 50 radio and TV shows, including CNBC's The Big Idea with Donnie Deutsch; CNN's Tips from the Top; ABC's Money Matters; Fox Friends; and Bravo's Queer Eye for the Straight Guy. A native of Atlanta, Georgia, he now lives in Brooklyn, New York. Find out more at alancorey.com.
