**L. Paul Hood, Stephan R. Leimberg : The Tools Techniques of Estate Planning for Modern Families** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Tools Techniques of Estate Planning for Modern Families:

The Tools Techniques of Estate Planning for Modern Families is simply the only resource that focuses exclusively on handling the issues associated with estate planning for blended, step, and same-sex families. This groundbreaking resource covers these blended-family scenarios:raquo; Brady Bunchraquo; May/Decemberrquo; Empty Nestersraquo; Eat, Drink, and RemarryWritten by expert author L. Paul Hood, currently Director of Planned Giving at The University of Toledo Foundation, and edited by Stephan R. Leimberg, only The Tools Techniques of Estate Planning for Modern Families will immediately enable you to:raquo; Fully plan for unmarried partnersraquo; Take into consideration all estate-planning issues connected with blended familiesraquo; Manage the effects of the Supreme

Courts' ruling regarding the Defense of Marriage Act; Help your clients preserve their assets through changing circumstances; Quickly fill in the huge gaps in traditional estate-planning references; Steer far clear of major malpractice pitfalls;

From the Author: I wrote this book for two reasons: I have my own blended family (as does my co-author), and I always found that estate planning for modern family configurations (same sex couples, unmarried couples and blended family couples) to be my most challenging clients. Compounding the problem is that there was virtually nothing written on this subject, so in taking on this project, we stepped off of terra firma.
