This Dr. has a clear, concise way of teaching. The verbiage is not too heavy. If you are reading this, get this book "TSC". His teachings will resonate with

you. Most importantly he includes many DIY remedies that any one can apply. DIY remedies that are quick effective, and simple. It only requires a commitment to love yourself enough to practice them, but at least if you don't practice them you will know why. A must read and study for anyone interested in life improvement, for themselves and others. So pass it on. I'm sure anyone who reads it will agree. I have ordered several copies to share with loved ones. I'm glad I found this author a few years ago. I was praying for help, and guidance at that time, and was lead to the first book "BYP" at a local book store. Then in recent months again remembered the wisdom I had found in his book re read the first, and bought "Total Self Confidence" the kindle version. Good luck, but luck is what we make it. This author will show you why, and how. GET THE BOOK.... 1 of 1 people found the following review helpful. Robert Anthony has included so many great ideas on self improvement in this book By Mike Kimmel Scenes for Teens Dr. Robert Anthony has included so many great ideas on self improvement in this book. His chapter on meditation, in particular, is extremely clear and easy to understand and apply. This book is a fine introduction to Dr. Anthony's work. I think it would also serve as a great companion piece to Psycho- Cybernetics by Dr. Maxwell Maltz. Very highly recommended. 2 of 2 people found the following review helpful.
