This Book Helps You Create Our Own FormulaBy Steve GallegosAs a personal achievement trainer and speaker, I have devoted 15 years to reading and or listening to the best of the best in the personal development industry. While I certainly have my favorite among authors and speakers who

specialize in personal development, business coaching, and spirituality, I have to now add Carlos Marin to this list. Although I generally view any book that offers a one size fits all "success formula," with skepticism, I found that despite the title of his book, Carlos does not offer a rigid formula (i.e., this + that + this = result). Instead he identifies the areas of our lives that we need to examine, in order to know where we need to make changes. He then shows us not just how to make changes, but why those changes are necessary to be made. As a result, we each get to create our own success formula. By peeling back the layers of how our minds work and how we make decisions, Carlos allows each of us to explore ourselves and make our own decisions on what to do, rather than dictate to us what he thinks we should do. Thank you Carlos Marin, well done! 1 of 1 people found the following review helpful. I highly recommend getting 'The Ultimate Success Formula' to begin your journey ...By J.
