**Steven M. Bragg : The Vest Pocket Guide to GAAP** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Vest Pocket Guide to GAAP:

0 of 0 people found the following review helpful. Three Stars By Green09Jeep difficult to use, bigger print would have been better  
2 of 2 people found the following review helpful. Vest Pocket size, No... Good, Well Organized Content, Yes By MrDillon I don't think I will be carrying this book around in my vest pocket anytime soon as it's taller than 8 inches and is quite hefty. With that said, I didn't purchase this book for its size. This is the third book I've purchased from Wiley and I have been satisfied with each one. The content is well organized and presented in a user friendly manner. Not only is the material presented well but it is usually followed by realistic examples.  
0 of 0 people found the following review helpful. Unhelpful table of contents and example based explanations don't apply By Stephanie Brooks I thought this would be a nice little summary of the GAAP rules in one place. It's not. It shows limited examples of how to record very simplistic transactions; real-life is never that simple. The table of contents leaves you wading through pages to see if the book even covers what you're looking for. -Perhaps it's my legal background, but it would be a better book if they just summarized GAAP.

Quick answers to your GAAP questions The Vest Pocket Guide to GAAP is the handy pocket problem-solver that gives today's busy financial executives the GAAP advice they need in a quick-reference format.
