Chellie Campbell : The Wealthy Spirit: Daily Affirmations for Financial Stress Reduction before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Wealthy Spirit: Daily Affirmations for Financial Stress Reduction:

3 of 3 people found the following review helpful. Kept at Bedside - positive, not saccharine By Madelyn Griffith-Haynie This is an "affirmations" book - so if that's not your thing, keep looking. If, like me, you prefer the "feel good" focus, but sometimes your crazy/busy life ends up "programming" you with more negative energy than positive, this is

a GREAT book. Each page begins with some very readable and upbeat content of various sorts, then ends with an affirmation - a one-page hit of positive energy aimed at increasing your prosperity consciousness. Who couldn't use an increase there? Since I was in bed with a cold when the book arrived, I read it straight through (and I swear it made me feel better!) I now keep it with my bedside reading (mostly books I'm in the middle of - I read A LOT, and always read myself to sleep). I use THIS book sort of like a "lazy man's oracle." Right before I slip off to sleep (best time for "programming" btw - brain-based), I ask "What do I need to remember about prosperity that I haven't focused on lately?" Then I ruffle the pages and pick one at random. Sometimes that's all before I turn out the light, sometimes I read another one or two. I can't say that I've won the lottery or anything, but my finances are coming under better control improving (if only because I focus there more often). I got it on sale here at , for slightly more than shipping -- but now that I own it, I'd still be very happy with my purchase if I'd paid retail. Madelyn Griffith-Haynie, CMC, SCAC, MCC- ADD Coaching Field co-founder -(blogs: ADDandSoMuchMore and ADDerWorld - dot com!)"It takes a village to transform a world!" 4 of 4 people found the following review helpful. Buy it, take the class and rule your world! By Jeffrey Solomon This book was translated by a more than humane human named Chellie Campbell. From outer space it landed in the Pacific Palisades, California. From an overview of all beings on this planet, the "Overviewer" assembled all the components of success. Not only does it remove the stress created by less money than needed, it insures that a happy, more relaxing and successful life is attained. All I did is read the first page and the affirmation at the bottom, think all day about it going about my daily activities. The next day I read page two, thinking all day about it and the affirmation at the bottom plus the affirmation at the bottom of page 1. I did this daily and in 21 days, and for the rest of my life, I will remember, "Something wonderful is happening to me today. I can feel it!" I then move onto page 22, which makes me lock in page two. I have never stopped reading this book since 2002, and guess what? This coming year Showtime, HBO and Netflix will be fighting over getting my 65 episode, 5 year series of my earlier life. "Put that in your pipe and smoke it!" With love, Jeffrey Allen Solomon (Chip Sullivan--"Like It Had Eyes". 1 of 1 people found the following review helpful. Another book by Chellie Campbell that i just love - her writing resonates with me By wesmanlv Another book by Chellie Campbell that i just love - her writing resonates with me. I have two copies of this book and finally put it on my kindle as well so this book can be with me even when traveling. It features short daily stories/chapters and i enjoy reading the daily story (usually a 2-3 page entry) with my spouse each morning. it is a way to focus our attention to our wealthy spirit. it has really helped me to keep a healthy perspective on matters of wealth and abundance. Chellie is an amazing author. **If you found this review helpful, do vote by replying Yes to 'Was this review helpful' **

Many people spend their lives searching for the means to acquire tremendous financial wealth. They look to external resources to give them what they want, and are ultimately disappointed when their dreams don't turn out the way they had planned. They either become incredibly wealthy at the expense of their spiritual well being, family, and friends, or they never acquire the riches they've aspired to, and in their disappointment, they discover they've lost all sense of self-worth. The Wealthy Spirit is the only book that offers an approach to achieving both spiritual and financial wealth. Through a series of daily affirmations that focus on the reader's internal strength and capacity for change, this book will set them on a path toward personal enlightenment and wealth in body, mind, and spirit. Using a day-to-day approach, readers will learn six keys:--Think positive. Like mind over matter, mind over money begins with believing you deserve it and can get it.--Send out ships. You can wait for your ship to come in, but if you don't send any out, it's going to be a long wait.--Count your money. Money is a game and you have to know the score. The money score will tell you how well you're doing at steps one and two.--Swim with dolphins. Being "in the swim" will depend largely on who you're swimming with. Find "your people" and avoid sharks.--Survive the storms. You must weather interior storms as well as exterior ones. Persistence is key.--Seek balance and enlightenment. Only from their perspective will you know when you have "enough." The Wealthy Spirit offers readers peace of mind to help them build financial muscle and a successful, stress-free life.

About the Author Chellie Campbell is a former bookkeeper and musical comedy actress who combined her acting and financial skills to create the popular Financial Stress Reduction Workshop. She is now a full-time professional speaker, seminar leader and author. She lives in Los Angeles.
