Every Bible verse on finances, all in one book In a world of shifting economic realities, few financial equations last very long. In the marketplace, countless writers, analysts, and con artists clamor for the public ear. Whose voice can we trust? Which financial principles will stand the test of time? The Word on Finances sorts through the clamor of advice, plans, and ideas to bring us back to the final word we most need to hear: God's. Author Larry Burkett has organized an invaluable collection of relevant Scriptures into one easy-to-reference volume. Topically arranged New American Standard Bible passages and a concordance focus attention on 70 areas of finance and stewardship, all grouped under 8 headings: Right attitudes Wrong attitudes Credit Giving and providing God's blessings and curses Investing Work and Wages Government Borrowing, bribery, planning, saving, taxes, and more — if the Bible mentions it, it's in this book.
