**Bonnie Runyan McCullough : Totally Organized: Easy-to-Use Techniques for Getting Control of Your Time and Your Home** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Totally Organized: Easy-to-Use Techniques for Getting Control of Your Time and Your Home:

2 of 2 people found the following review helpful. Great book on organizing the home By Kindle Customer My husband is a musician and I stay home with the kids and homeschool. I was recently diagnosed with some health problems and

severe OCD so our house gets very messy very fast and I don't know where to begin. To top it off, I have hoarding tendencies that I want to end!! I picked up this book out of desperation because I was so frustrated not knowing how to organize anything, I am a slave to this house, to the laundry piling up, the dishes, the closets, and I feel like a bad mom that my kids don't know how to clean up after themselves. I know I am not supposed to be the maid!! This book has a simple solution that even with my OCD I can get through it. When I get stuck I just refer to the book. She has a process and she gives reasons why she suggests or recommends something so the advice is practical. I found the book a life raft among the junk piling up in this house. She is right, a house doesn't clean itself but it doesn't have to be a big to do or overwhelming. 5 stars.1 of 1 people found the following review helpful. Easily one of the best organizing books ever!By GabrielleI first read this book at least 15 years ago and it was a lifesaver. My mom was super neat but never really taught or included me in on the cleaning. Mostly she just called me a slob and did it when I was gone...this book taught me most of the techniques and organizing tips that my mom probably already knew but never taught me. For this I'm grateful as I married a very neat husband, who also "knows" how to just be neat. Now I do too..without being overboard about it! I also recommend the book "Sink Reflections" by Marla Cilley and anything by the "Slob Sisters" (two sisters who heavily inspired Marla Cilley). These books, along with "Totally Organized" are wonderful reads and complement each other immensely.2 of 21 people found the following review helpful. its informative...By bethive read like 10 guides in this vien. this one should b read with other guides. its not the only guide u need.

Getting organized is one of the biggest challenges in any home today. Pressed for time and bogged down by papers, receipts, household items, and an endless stream of junk mail, Americans need expert ways to get an stay on top of it all. Expert organizer Bonnie McCullough has the answers. In this clear, practical guide, she explains how to:--Take control of household tasks by using a planner, making lists, and setting priorities.--Gain more free time by establishing routines and planning ahead.--Create more space in the kitchen, closets, and elsewhere.--Setup a simple, easy-to-use home-filing system.--Get kids, spouses, and roommates motivated to help keep the household organized.--Establish and stick to a household budget.--Simplify holidays and gift giving.--Work smarter, not harder--when tackling housework, paperwork, and all the little things that drain time and energy from our lives.

From Publishers WeeklyMcCullough, a syndicated columnist and author of Bonnie's Household Organizer, here tackles the subject of housework. The key, she writes, is setting priorities, and her strategy is to create a series of home-organization systems that help get routine tasks done quickly and efficiently so that one can go on to other things. She is full of hints for organizing time and thoughts, doing specific tasks efficaciously, creating more space and less clutter, and getting other people to help. Although addressed to housewives, this book is pertinent for househusbands, single parents and the many other people who have more important things to do than clean house all day. Copyright 1986 Reed Business Information, Inc.About the AuthorBonnie McCullough's books include Bonnie's Household Budget Book (now in its fourth edition), Bonnie's Household Organizer, and 401 Ways to get Your Kids to Work at Home (coauthored with Susan Monson). A professional home manager, she lives in Lakewood, Colorado, with her family.
