Donald J. Trump, Meredith McIver : Trump: Think Like a Billionaire: Everything You Need to Know About Success, Real Estate, and Life before purchasing it in order to gauge whether or not it would be worth my time, and all praised Trump: Think Like a Billionaire: Everything You Need to Know About Success, Real Estate, and Life:

1 of 1 people found the following review helpful. Disappointing. By Saffron Bright-Rawlings Disappointed. A lot of blah blah recounting of miniscule unimportant details of daily life. 3 of 4 people found the following review helpful.

1/2 audiobook great and 1/2 is "so what" By Sandra Pressley I wanted to learn from The Donald, so I bought this audiobook which consists of 5 CDs. CDs 1, 2 and 1/3 of 3 are great because they represent and discuss the principles implicated by the audiobook's title. However, the remaining 2/3's of CD 3 and CDs 4 and 5 should have been sold separately under the title "The Donald's Typical Week and Pageantry." I am interested in learning about money, finance management, various forms of investing, and, financial growth. While I don't mind learning a bit about Mr. Trump's daily appointments and involvement with pageants, hearing that information is not why I purchased this audiobook. So, I replay the first 2-1/3 CD and leave the remaining ones in the case. Whenever I re-hear the information The Donald is expounding, I learn more and more from it and see how it applies in my life and supports my financial goals and growth. I wish all 5 CDs were used to expound rather than some being used to self-promote. 2 of 3 people found the following review helpful. Great book for an entrepreneur By DB This is a very well written book with a lot of suggestions on how to be successful. I would suggest it to any one who is or wants to be an entrepreneur or is and needs some suggestions for success.

It's not good enough to want it. You've got to know how to get it. Real estate titan, bestselling author, and TV star Donald J. Trump is the man to teach you the billionaire mind-set—how to think about money, career skills, and life. Here is crucial advice on investing in real estate from the expert, everything from dealing with brokers to renovating to assessing the value of property, buying and selling, and securing a mortgage. Trump will show you how to cut costs, decide how much risk to assume in your investments, and divide up your portfolio. He'll also teach you how to impress anyone, how to correct or criticize someone effectively, and how to know if your friends are loyal—everything you need to know to get ahead. And once you've earned your money, you've got to learn to spend it well. Trump presents his consumer guide to the best things in life, from wine to golf clubs to engagement rings. Check out the billionaire lifestyle—how they shop and what they buy. Even if you're not superwealthy, you can afford many of these luxuries. And what look inside the Trump world would be complete without *The Apprentice*? Trump will take you behind the scenes, from the end of season one and into season two, with insights into the making and the meaning of TV's hottest show. As Donald Trump proves, getting rich is easy. Staying rich is harder. Your chances are better, and you'll have more fun, if you think like a billionaire. This is the book that will help you make a real difference in your life.

From Publishers Weekly There's no one better at promoting Donald Trump than the man himself. In this slim guide, which Trump says readers should consider "the second part of an ongoing conversation between you and The Donald" (the first part being his previous book, *How to Get Rich*), he offers his two-cents on everything from picking a mortgage broker and selling a house to dressing and grooming for work. Unfortunately, the book is packed with more cliché and glowing comments about his various properties (including his Mar-a-Lago resort, "one of the most beautiful places on earth") than practical advice. For instance, his advice on how to spot a fraud is, "If it seems too good to be true, it is," and his counsel on grooming is, "Dress for the job you want, not the job you have." Even his "Mar-a-Lago Diet" boils down to eating balanced meals. Each topic is covered in two pages or less, even big ones like *How to Sell a House* and *How to Manage Debt*, while other segments—such as *A Week in the Life*, which superficially covers a rather uneventful week in Trump's life—run on far too long. The final third of the book consists of a teaser for the new season of *The Apprentice*. Trump provides a general overview of the first four episodes, but doesn't give away any specifics about who gets the boot. Instead, he coyly says, "My first firing wasn't terribly difficult, although I always feel bad for the first person to go because he or she will miss out on so much." Though Trump claims in the book's introduction that "if you absorb only ten percent of the wisdom in this book, you'll still have a good shot at becoming a millionaire," many a reader will likely finish this book feeling distinctly unenlightened.
