Tim Koller, Marc Goedhart, David Wessels : Valuation: Measuring and Managing the Value of Companies, University Edition (Wiley Finance) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Valuation: Measuring and Managing the Value of Companies, University Edition (Wiley Finance):

0 of 0 people found the following review helpful. Five StarsBy SuzyVery very happy. a great read1 of 1 people found the following review helpful. ... in a way to both improve your knowledge and easily apply. Helpful for not only valuing companiesBy Ross M.Well written in a way to both improve your knowledge and easily apply. Helpful for not only valuing companies, but also for driving management to maximize the value of them.0 of 0 people found the

following review helpful. Five StarsBy Sheila MacedoThe book that I bought it was in very good condition.

McKINSEY'S TRUSTED GUIDE TO TEACHING CORPORATE VALUATION, NOW IN ITS 25TH YEAR
Valuation, University Edition, Sixth Edition, is filled with the expert guidance from McKinsey Company that students and professors have come to rely on. New to the fully revised and updated Sixth Edition: New case studies that clearly illustrate how vital valuation techniques and principles are applied in real-world situations Expanded content on advanced valuation techniques New content on the strategic advantages of value-based management that reflect the economic events of the past decade For twenty-five years Valuation has remained true to its core principles and offers a step-by-step approach to valuation, including: Analyzing historical performance Forecasting performance Estimating the cost of capital with practical tips Interpreting the results of a valuation in light of a company's competitive situation Linking a company's valuation multiples to the core drivers of its performance The University Edition contains End-of-Chapter Review Questions, helping students master key concepts from each chapter. Wiley also offers an Online Instructor's Manual with a full suite of learning resources for professors and students. www.wileyvaluation.com

the sixth edition of Valuation , published last year, a quarter of a century after the first, is a reminder of why shareholder value is still the most powerful idea in business and why many criticisms thrown at it are unfair. (The Economist, April 2016)About the AuthorMcKINSEY COMPANYis a global management-consulting firm that serves across a wide range of industries and functions. TIM KOLLER is a partner in McKinsey's New York office, where he leads a global team of corporate-finance expert consultants. MARC GOEDHART is a senior expert in McKinsey's Amsterdam office and leads the firm's Corporate Performance Center in Europe. DAVID WESSELS is an adjunct professor of finance at the Wharton School of the University of Pennsylvania.
