3 of 3 people found the following review helpful. Buffett in Manga form By therosen Buffett 101 in Manga form - this illustrated novel is a great 45 minute overview of the Oracle of Omaha. It covers the highlights of his life in a factual and humorous format: How he started in business as a child, his mentor/student relationship with Graham, his additions to Graham's style, and his ongoing trials and tribulations in the market. This is a great overview book, but just that. Expect to hit the high points, but not a lot of depth. (You need more words and less pictures for that!) Perhaps the greatest use of the book is a gift for Buffettologists to help explain their mania to the uninitiated. Enjoy! 0 of 0 people

"er den legendären amerikanischen Investor Warren Buffet wurden bereits zahlreiche Bücher geschrieben - nun erscheint seine Biografie erstmals als Comic. Die erstaunliche Karriere des ehemaligen Zeitungstrügers, der zum erfolgreichsten Einzelinvestor aller Zeiten wurde, mutet als Fabel an. Das Buch des Japaners Ayano Morio verleiht Buffett zusätzlich eine Superheld-Aura: Er trifft immer die richtigen Entscheidungen und löst jedes Problem sofort - wie ein richtiger Superman des Finanzgewerbes. Fazit: unkritisch, aber amüsant." Der Handel, Februar 2005 ..." Die englischen Texte sind leicht zu lesen, die Illustrationen sind witzig. Auch der Lernwert des Comics ist nicht zu unterschätzen ..." FAZ, 6. März 2005From the Inside FlapThe Superhero of Finance now has his own comic book! Translated from the hugely successful Japanese edition, this cartoon-strip biography of Warren Buffett, provides an excellent introduction to the man and his momentous achievements. Tracing his story from paperboy in Omaha to wealthiest man in the world status, the book entertainingly depicts the way events in the life of Buffett and how they contributed to his unique investment philosophy. This is an entertaining and readable book that will be welcomed by both Buffett fans and the novice investor.From the Back Cover"Buffett has generously endowed us all with a sensible and intelligent roadmap for investing." mdash;Robert G Hagstrom "Warren Buffett - The Oracle of Everything.
