O. Ray Whittington, Patrick R. Delaney : Wiley CPA Exam Review 2012, Regulation (Wiley CPA Examination Review: Regulation) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wiley CPA Exam Review 2012, Regulation (Wiley CPA Examination Review: Regulation):

3 of 3 people found the following review helpful. Very detailed workbook with unbeatable priceBy *Quick*The price is unbeatable, that's the first reason I choose this book. Beside that, the book is so detailed, I could say it has all the informatino you will need in the exam. But this is also a disadvantage of the book, you may need double the time to learn it compared to other study materials. But it will worth it, since you know more knowledge, and finally you will use them in your work.I have not taken the exam yet, preparing to do it in April, I will work hard, and see how the result could be. Bless all who are going to take CPA, and this book is definitely a recommend.0 of 0 people found the following review helpful. AcceptableBy rachelMy Becker expired way back in 2008 (I know, I know), and rather than

invest that much money in Becker again, I decided to give this one a try. I passed all my exams by just reading the books. You have to find what works for you, whether it's questions, lectures, or reading. If reading is your style, this is a good resource. There are also questions in each chapter, so you can get some practice with that. Basically, if your Becker has expired, this is a good second, and much cheaper, option. I will echo the other reviews though- there's a LOT of information in here, and I'm not sure it's all necessary. 0 of 0 people found the following review helpful. Good Start, but Beware of Errors By esylt The Wiley CPA Exam Review provides a comprehensive review of material that may be found on the CPA exam, but I found several obvious errors throughout the book. For example, the book states that there are 11 modules when there are 12 modules. I would use the book to get an idea of what topics will be covered on the exam, but cross check the information provided with other sources.

Everything today's CPA candidates need to pass the CPA Exam Published annually, this comprehensive four-volume paperback reviews all four parts of the CPA exam. Many of the questions are taken directly from previous CPA exams. With 3,800 multiple-choice questions, these study guides provide all the information candidates need to master in order to pass the computerized Uniform CPA Examination. Most widely used CPA exam review products worldwide "I wanted to say I bought just the four books by Wiley for each CPA section and took all 4 parts of the exam in May 2009. I studied for about half a year, and I PASSED ALL 4 PARTS ON THE FIRST TRY!!! 95% REG, 88% FAR, 82% AUD, 81% BEC. I am very excited and happy that these books alone helped me pass!" — Gabriela Adriana Mandiuc, Boerne, Texas Other titles in the WILEY CPA EXAM REVIEW 2012 FOUR-VOLUME SET: Auditing and Attestation Business Environment and Concepts Financial Accounting and Reporting See inside for the entire array of Wiley CPA Exam Products!
