Joey Faucette : Work Positive in a Negative World: Redefine Your Reality and Achieve Your Business Dreams before purchasing it in order to gage whether or not it would be worth my time, and all praised Work Positive in a Negative World: Redefine Your Reality and Achieve Your Business Dreams:

1 of 1 people found the following review helpful. A Must Read for Every Business Owner and Employee!By Sue FalconeDr. Joey Faucette has achieved what many have sought to do; bring business and our personal lives into one

and live it to impact our world in a positive way! Once you begin this book is very hard to put down; and it compels you to make the time to complete the "Ponders" and the "Grab Go's" to have the coaching experience of a lifetime! I am so glad he offers himself as a speaker and coach, so that we can have the opportunity to meet him in person too! He offers so much on his website, and he is one you need to have at your next event! Dr. Joey brings valuable insight in succeeding in both your professional and personal life; shared in happenings we experience everyday! As he shares his purpose for writing this book is: "to coach you to work positive, to redefine your reality in this negative world, and achieve your business dreams" I can say honestly it was met in my life! Dr. Joey's five core practices of Perceive, Conceive, Believe, Achieve and Receive have the power to transform and help you become more positive than you ever thought possible! As one, whose #1 strength has always been being "Positive" I have met my match! But now I have the strategies to be able to achieve what I have wanted all my life! I highly recommend you purchase this in paper back and on Kindle so you are never without the full value of learning at a moments notice! I am honored to have met Dr. Joey in person, follow him on Twitter, and join him at #wpmw so that I can truly say he lives as he shares, and he has and will continue to impact many in the world to: "Work POSITIVE in a negative world" After you read this book you will be joining him to do so too! 1 of 1 people found the following review helpful. Sow Postive, So Positive By Jay R. McKeever Dark clouds all around. Only one golden sliver of sunlight squeezes through the gray black ceiling. That's all you can see. Dr. Joey Faucette, however, knows that behind the clouds lie blue skies. In his book, Work Positive in a Negative World, Dr. Joey sharpens your vision, lightens your spirit and maps out the path to a silver lining. Human nature tends toward the negative but the negative will stifle your business, your career, your relationships. Negativism is sneaky and will divide you like the Colorado river that sliced into the land now known as the Grand Canyon. No one felt it but it slowly steadily cut deeper and separated the land farther and farther apart. Dr. Joey guides you through this book to seek the high ground--positivity! As he points out, "perceive an unfamiliar positive thought and the negative begins to lighten---do it again and again." accentuate the positive if you will. My favorite take away from this book is the idea of vibrations. Negative vibrations attract negative vibrations and positive attracts positive but you have a choice! The book is full of good vibrations and Dr. Joey walks you through them with great real-life situations to illustrate his points and to cement the teachings. As the subtitle says, "redefine your reality and achieve your business dreams" Finally, each chapter has a "Grab and Go" list to assist in assimilating key aspects or life lessons. I love em. Love the book too! It's practical, thoughtful and valuable for managers, business owners and the rest of us who want to get along and get ahead the right way. 0 of 0 people found the following review helpful. Faith increases by reading this!! By TCC Amazing resource for Christian business professionals. Now people can know how to focus and what to do to live their faith at work!!

Recession reminders, natural disasters and the like are streaming from our TVs, radios and computers. Newspaper headlines practically shout downturns and downsizing. Weighed down by a negative-oriented world and knee deep in everyday business stress, professionals struggle to generate positive results. Successful entrepreneur and business coach Joey Faucette, D.Min, arms overwhelmed business executives, managers, and sales professionals with the five core practices to creating success--perceive, conceive, believe, achieve, and receive. Empowered by these strategies, discover how to redefine your reality and change your focus from failures to successes, losses to leverages, and the negative to the positive, allowing you to achieve greater results in their business and their life.
