This book is so moving, I couldn't put it downBy Leslie L.Robert herjavec is remarkable, his knowledge and understanding of people and success is amazing. His gentle way of connecting to the very core of each person, is just who he is. A gentleman who listens with enthusiasm, proves to be, like him... remarkable.... I know I have him way up on a pedestal... and well deserved. Robert, if I could rate this book with more than 4 stars, I would. Rock on, I'm on board.0 of 0 people found the following review helpful. We are all in salesBy Big Poppi13We are all in sales including the schoolteacher, the CEO, the security guard, the bus driver and lawyers. Herjavec drives home this point very effectively in an easy reading style.Having worked in sales for a long time much of what Robert said rang true. What stuck with me was the concept of using Zen in the sales process by focusing on the customer/client with the purpose of finding an outcome that serves both parties.I believe this book will help the reader to see sales in a different light in a positive light.
